ProBindr –
Your online platform for simple end secure teamwork.

Your Benefits

Togheter, but secure: A central meeting place for your data with intelligent access control, rather than a mess of many interfaces.

Signup, startup: The intuitive interface allows even novices or external agencies to focus immediately on the essential aspects of their work.

Overview in real time

ProBindr combines the familiar concept of real binders and tabs with ultra-modern features.

Efficiency

Save time: ProBindr save you unnecessary email traffic and reduce your administrative costs to a minimum.

Overview

Stay on top: With ProBindr, you find all documents, presentations and comments clearly arranged in one single place.

Security

Stay flexible: Enjoy access from anywhere with ProBindr to our highly secure, redundant data storage in Switzerland.

The main functions

- Encrypted, highly secure data storage.
- Integrated communication tools.
- All the time insight into all versions of data, thanks to history function.
- Automatic full-text search.
- Customized access rights.
- 100% in the browser - no installation on the user's PC.

Discover the benefits of ProBindr

- Increase your productivity thanks to the clearly arranged data storage, without e-mails.
- Keep always track of the status and progress of your projects.
- Access your information securely from anywhere.
- Control access rights of project participants individually, and even embed remote workers securely into your workflow.

Please contact us for more information or a presentation at your place.
