“Participating in the program was a transformative experience. It was more than the investor meetings; it was collaborative ecosystem where peers inspire innovation and drive growth.”

Those eligible to participate are:

- Founding and managing members of Swiss cleantech startups;
- Fundraising and ready to grow business with international investors;
- Building a global cleantech startup.

Venture Leaders have a clear-cut goal. They envision themselves as global players and want to take the first step towards their global expansion.

The investor and business development roadshow to hotspots for cleantech innovation allows for a deep-dive into the global startup scene and includes public and private pitch sessions, high-level networking opportunities, company visits and individual business development activities.

Venture Leaders Cleantech is organized by Venturelab. The program with a value of CHF 10,000 is offered free of charge to the winner's thanks to the support of DPD, EPF Lausanne, ETH Zurich, Helbling Technik, Rentsch Partners, Romande Energie, SAK, Canton of Vaud, and Vischer.
